Seeded Data

The screenshot shows the Prisma Studio interface displaying seeded data for the PayNest application. The browser address bar indicates the URL is localhost:5555. The interface shows a table of data for the 'User' model, with columns for id, email, name, number, password, OnRampTransaction, Balance, and sentTransfers. The data is as follows:

id	#	email	A?	name	A?	number	A	password	A	OnRampTransaction	1	Balance	1	sentTransfers	1
1		null		alice		1111111111		\$2b\$10\$-sbe2VjAg1L1zb7V...		2	OnRampTransaction	1	Balance	1	p2pTransfer
2		null		bob		2222222222		\$2b\$10\$5v8jzr0wy/noeq...		1	OnRampTransaction	1	Balance		p2pTransfer

Transfer Page

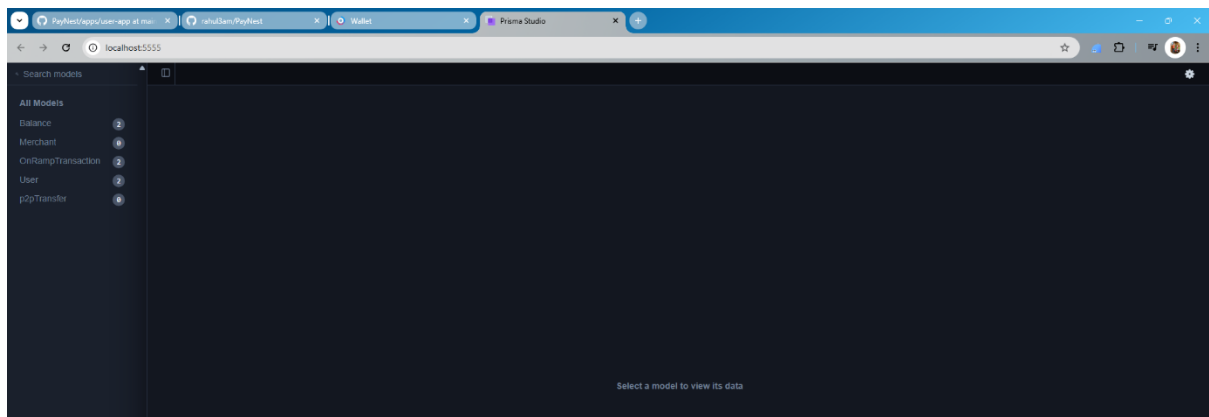

The screenshot shows the PayNest Transfer Page. The browser address bar indicates the URL is localhost:3001/transfer. The page features a sidebar with navigation links: Home, Transfer, Transactions, and P2P Transfer. The main content area includes a 'Transfer' section with a form for adding money. The form has fields for 'Amount' and 'Bank' (with a dropdown menu showing 'HDFC Bank'). An 'Add Money' button is located below the form. To the right of the form, there is a 'Balance' section showing the following information:

Balance	
Unlocked balance	200 INR
Total Locked Balance	0 INR
Total Balance	200 INR

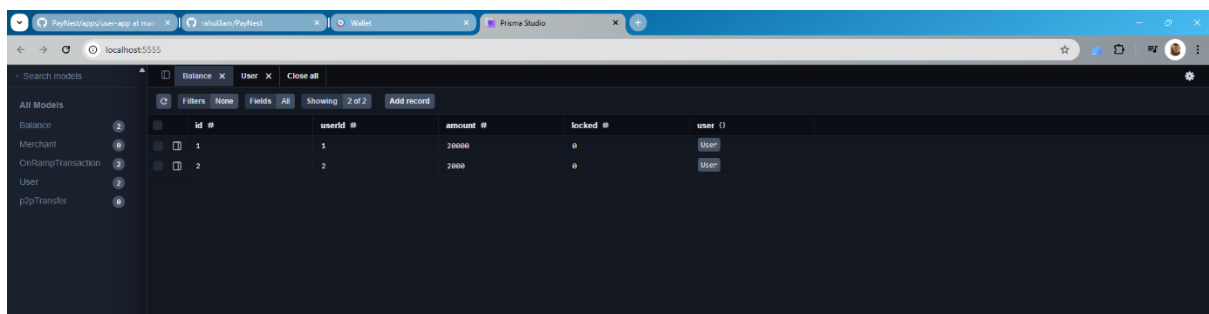

Below the balance section, there is a 'Recent Transactions' section showing a single transaction:

Recent Transactions	
Received INR	+ Rs 200
Sun Jul 20 2025
